SUMMARY

After coursing Architecture, I worked at the most prestigious Design Offices in Rio de Janeiro, I learned from the best before starting my own business. With more than ten years of experience, I was responsible for the creation and assembly big projects in Brazil such as Rio Fashion Week, Pan American Games, Red Bull BC One Finals and many others. I have always participated in all stages of the projects, from the first meetings with clients, creation, and elaboration of the project until the final assembly. After attending major projects for NIKE and RED BULL, I've received an invitation from a great University of Design in the United States, SCAD, Savanna College of Art and Design, where I studied Visual Effects for two years. Today, living in Atlanta I am still following my carrier improvement. I graduated as Interior Designer at the New York Institute of Art and Design. With all my dedication and passion in my work, I want to keep creating my projects and helping other designers and architects with their presentations by creating photorealistic 3Ds.

ABOUT ME

I've been working as an AutoCAD/3D MAX Designer for my entire professional life, and this is the only thing I've done since I left Architecture School in Rio de Janeiro - Brazil, in the year 2005. I've applied my skills in many different kinds of jobs; Exterior Renders, Interior Renders, Trade Shows Booths, and Product Design. I am very passionate about my work and driven to satisfy my clients.

I am very used to all steps of the Work; visiting the site for measurements, meeting with the clients for ideas and references, sketching by hand the first concepts ideas and finally creating the 3D Render for the client's final approval and the AutoCAD draftings for production. I also usually take care of the final setup on the site.

In 2014 I received a Scholarship from SCAD - Savanna Colege of Art and Design, due to my On-line Portfolio and I moved from Rio de Janeiro to Atlanta. Years have passed, and now I call Atlanta home.

EDUCATION

NYIAD

New York institute of Art and Design

Even though I was working with Interior Design in Brazil for a while already, I thought it would be a good idea to give a step forward and study about this subject here in the United States. I did a one-year online course.
2016 - 2017

SCAD

Savanna College of Art and Design

Atlanta - GA

After having my online portfolio analyzed, I've been rewarded with a scholarship. Completed courses in Cinematography, 3D lightning, Image Composition, and others.
2014 - 2016

UNIPLI

Universidade Plinio Leite

Rio de Janeiro - Brazil

Architecture and urbanism major. I was fortunate to have had the opportunity of being an intern in one of the most prestigious Construction companies in Rio de Janeiro. With them, I've learned lessons I carry with me until today.
1999 - 2004

EXPERIENCE

HAVER & BOECKER

Atlanta - GA

-Draftperson

Create quotation drawings and manufacturing drawings for sales department, revise 2D and 3D drawings to meet customer requirements, using AutoCad, Solid Edge, Inventor, 3Ds Max.

2020 - Present

FM EXHIBIT

Atlanta - GA / Padova - Italy

-Designer/ Show Manager

Trade Show Booth designer. After discussing with the client, details about what he is looking for and what are his needs, I design his Booth and create a full presentation with 3D Renders and detailed floor plans. Once the design is approved, I create the AutoCAD draftings for construction and manage the final setup on the Show Site.

2019 - 2020

YES

Your Events Solution

Atlanta - GA

-Designer

Tradeshow Booth designer. After discussing with the client, details about what he is looking for and what are his needs, I design his Booth and create a full presentation with 3D Renders and detailed floor plans. Once the design is approved, I create the AutoCAD draftings for construction and manage the final setup on the Show Site.

2015 - 2019

Satis&fy

Rio de Janeiro - Brazil

- SCENIC TECHNICAL DIRECTOR

I was hired as a contractor by Fatis&fy, a full-service production company in Europe (www.satis-fy.com), to be the Scenic Director for their events in Rio de Janeiro.
