### SUMMARY

With over 15 years of experience in architecture and design, I have honed my expertise working at some of the most prestigious design offices in Rio de Janeiro before establishing my own business. Throughout my career, I have been responsible for creating and managing large-scale projects in Brazil, including Rio Fashion Week, the Pan American Games, and the Red Bull BC One Finals. My involvement spans every stage of the process—from initial client meetings and conceptual design to project development and final assembly.

My technical proficiency in AutoCAD, 3ds Max, and Unreal Engine has been integral to delivering high-quality, photorealistic visualizations and efficient project workflows. After leading major projects for brands like NIKE and Red Bull, I was invited to study Visual Effects at the Savannah College of Art and Design (SCAD) in the United States. I further expanded my expertise by graduating as an Interior Designer from the New York Institute of Art and Design.

Now based in Atlanta, I continue to elevate my career by creating innovative designs and supporting architects and designers in creating detailed floorplans and presenting their visions through stunning, photorealistic 3D renderings.

### ABOUT ME

I have dedicated my entire professional career to working as an AutoCAD and 3ds Max Designer, a path I began after graduating from Architecture School in Rio de Janeiro, Brazil, in 2005. Over the years, I have applied my skills across a wide range of projects, including exterior and interior design, trade show booths, and product designs.

Passionate about my craft, I am driven to exceed client expectations at every stage of a project. My process typically begins with site visits for measurements and client meetings to gather ideas and references. From there, I hand-sketch initial concepts, develop photorealistic 3D renders for client approval, and produce detailed AutoCAD drafts for production. I also frequently oversee final on-site setups to ensure every detail aligns with the vision.

In 2014, I received a scholarship from the Savannah College of Art and Design (SCAD) based on my online portfolio, which led me to relocate from Rio de Janeiro to Atlanta. Nearly a decade later, I proudly call Atlanta home, continuing to push creative boundaries and deliver exceptional results in every project I undertake.

### EDUCATION

#### NYIAD

**New York institute of Art and Design**  
Although I had been working in Interior Design in Brazil for some time, I decided to take a step forward and deepen my knowledge in this field here in the United States. I enrolled in a one-year online course to enhance my skills and broaden my understanding of interior design practices, blending my prior experience with fresh perspectives..

2016 - 2017

#### SCAD

**Savanna College of Art and Design**  
**Atlanta - GA**  
After having my online portfolio analyzed, I've been rewarded with a scholarship. Completed courses in Cinematography, 3D lighting, Image Composition, and others.

2014 - 2016

#### UNIPLI

**Universidade Plinio Leite**  
**Rio de Janeiro - Brazil**  
I hold a degree in Architecture and Urbanism and had the privilege of interning at one of the most prestigious construction companies in Rio de Janeiro. This invaluable experience taught me lessons and skills that continue to guide my professional journey to this day.

1999 - 2004

### EXPERIENCE

#### HAYER & BOECKER

**Conyers - GA**  
**- Draftperson/Designer**

As a Draftsperson at HAYER & BOECKER, I specialize in creating detailed floor plans for complex projects using AutoCAD. My role also involves developing 3D models and crafting high-quality presentations with tools like Inventor, 3ds Max, and Unreal Engine. This position allows me to combine precision and creativity to deliver innovative solutions tailored to each project's unique requirements..

2012 - Present

#### FM EXHIBIT

**Atlanta - GA / Padova - Italy**  
**-Designer/ Show Manager**

Trade Show Booth designer. After discussing with the client, details about what he is looking for and what are his needs, I design his Booth and create a full presentation with 3D Renders and detailed floor plans. Once the design is approved, I create the AutoCAD draftings for construction and manage the final setup on the Show Site.

2019 - 2020

#### YES

**Your Events Solution**  
**Atlanta - GA**

**-Designer**  
Tradeshaw Booth designer. After discussing with the client, details about what he is looking for and what are his needs, I design his Booth and create a full presentation with 3D Renders and detailed floor plans. Once the design is approved, I create the AutoCAD draftings for construction and manage the final setup on the Show Site.

2015 - 2019
